New for 2026...

PRACTICUM AND TECHNIQUE GUIDANCE FOR REFLEXOLOGY STUDENTS

This tutoring event has been designed for students who have completed a course of Reflexology study, live or online, who are not sure how to perform Reflexology techniques on the feet, hands, face or ears. They were taught locations of reflexes but not taught textures or adequate hands on practice to become proficient.

As Reflexology is a touch-feel profession, practicum is essential to success. This teaching will be taught as a one-on-one tutoring experience to maximize the student's knowledge and experience.

The tutoring will be taught live in Belgium, Wisconsin, with individualization relating to availability of both the student and instructor.

Requirements:

- 1) Evidence of completion of a Reflexology course of study
- 2) Transportation, lodging and meals at the student's expense
- 3) Proof of Reflexology Insurance naming Ray of Hope Educational Services, LLC as an added insured with a Certificate of Insurance
- 4) Fee \$40 per hour fee with length of time determined by the student's needs
